The image shows a 4x4 grid of letters. The letters are arranged as follows:

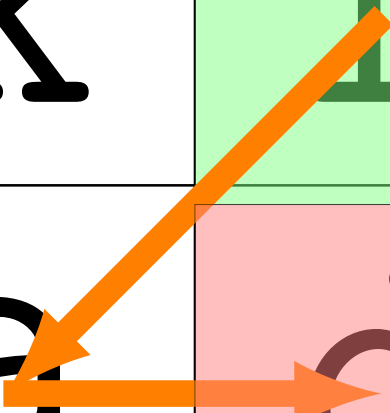

- Row 1: s, a, d, f
- Row 2: a, s, d, f
- Row 3: k, f, h, s
- Row 4: a, d, f, j

An orange arrow points from the 'a' in the first row, second column to the 'k' in the third row, first column. The cell containing 'a' is highlighted in light green, and the cell containing 'k' is highlighted in light red.

The diagram illustrates a transition between two states in a 4x4 grid. An orange arrow points from the 'a' in the first row, second column to the 'a' in the second row, first column. Another orange arrow points from the 'a' in the second row, first column to the 's' in the first row, second column. The first row, second column cell is highlighted in light green, and the second row, first column cell is highlighted in light red.
